# Tanish Singhal

tanishsinghal510@gmail.com  |  +91 8851605054

**Portfolio** | **LinkedIn** | **GitHub** | **Twitter**

## SKILLS

**Frontend:** HTML, CSS, JavaScript, TypeScript, React JS, Next JS, React Hook Form, Redux Toolkit, Tailwind CSS, Bootstrap, Material UI, Shadcn UI, Acertinity UI, Magic UI
**Backend:** Node JS, Express JS, MongoDB, MySQL, Prisma, PostgreSQL, Supabase, NeonDB, Cloudflare Workers, Hono JS
**DevOps and Tools:** Git, GitHub, Vite, TurboRepo, Docker, Postman, Vercel, Render, JWT, NextAuth, Zod

## WORK EXPERIENCE

### Stance International
*(Frontend Developer Intern)*                                                                                                    *Jun 2024 – Aug 2024*
- Developed high-performance, responsive websites for multiple clients, **boosting lead generation by 20%** and **reducing customer service inquiries by 30%.**
- Engineered modern frontend applications using Next JS and Tailwind CSS, which **improved page load times by 30%** and **increased mobile user engagement by 25%.**
- Integrated a robust contact form that streamlined communication between potential buyers and sales representatives, resulting in a **35% faster response time**.
- **Tech Stack:** Next JS, Tailwind CSS, Shadcn UI, and Acertinity UI

## PROJECTS

### Foodies: Food Ordering Application   [Live Link]                                                          *Aug 2024 – Sep 2024*
- Built a scalable food ordering app with **Swiggy API** integration for real-time restaurant and menu updates.
- Applied **responsive design principles** and **performance optimizations** to create a smooth user experience across devices.
- Implemented robust cart management system with Redux Toolkit for state management, enabling seamless add/remove functionality and persistent cart storage.
- **Tech Stack:** React JS Tailwind CSS, Redux Toolkit, Express JS, Vercel, Render, Postman

### Portfolio Website   [Live Link]                                                                                   *May 2024 – May 2024*
- Built a personal portfolio website that **increased recruiter inquiries by 50%** through a highly responsive and clean UI design using Shadcn UI and Acertinity UI.
- **Achieved a 95+ Page Speed score** by optimizing code and implementing efficient design practices.
- Implemented an automated contact form **linked to Google Sheets**, streamlining query management and enhancing response efficiency.
- **Tech Stack:** Next JS, Tailwind CSS, Acertinity UI, Shadcn UI, Vercel

### Taskster: Task Management Application   [Live Link]                                                    *Sep 2024 – Ongoing*
- Developing a full-stack Kanban-style task management app with drag-and-drop functionality aimed to **increase user productivity by 30%.**
- Implementing **JWT authentication and Zod validation** for enhanced security.
- **Tech Stack:** Next JS, Tailwind CSS, Shadcn UI, Acertinity UI, Magic UI, React Hook Form, Redux Toolkit, Node JS, Express JS, JWT, Zod, MongoDB, Vercel, Render, Postman

## CERTIFICATION

### Crash Course on Python
*(Coursera)*                                                                                                                                     *Oct 2022*
- Completed an in-depth course on Python programming, covering fundamental concepts and practical applications.

## EDUCATION

**Galgotias College of Engineering and Technology**                                        **Greater Noida, Uttar Pradesh**
*B.Tech. in Electronics and Communication Engineering*                                       *Expected Graduation, May 2025*
